

AGREEMENT on electronic invoicing

As a result of the amendment of Section 14, para. 1 and 3 of the German VAT Act (UStG) prompted by the 2011 German Tax Simplification Law, the sales tax-relevant provisions for electronic invoices were amended effective 07/01/2011. In its letter of 07/02/2012 (IV D 2 - S 7287), the German Federal Ministry of Finance commented accordingly on the simplification of electronic invoicing. If you are interested in participating in the electronic invoicing process, we ask that you complete the agreement, print it out, and return it signed to us.
